**RE: Waiver case management policy update**

Dear SoonerCare Member,

The Oklahoma Health Care Authority (OHCA) is updating our policy for Home and Community-Based Services. This is due to a change in federal rules that took effect March 17, 2014.

Members who are affected by the updates are in one of these programs:

- Living Choice
- My Life My Choice
- Sooner Seniors
- Medically Fragile
- ADvantage

SoonerCare members are now required to choose different agencies for case management services and home health services. The member cannot receive both case management and home health services from the same provider.

If you are currently receiving these services from the same provider, your case manager will contact you to help make the required change. You may also choose to contact your case manager at your convenience for help.
