Meet your expert team of provider representatives... SoonerCare Representatives

SoonerCare representatives are available for one-on-one and group training for billing requirements, claim processing and OHCA Provider Portal applications. They are designated by region and are available to assist providers with complex program, policy and claim issues. Training sessions can be conducted either at the provider's office location, through virtual training online, or at training facilities in Oklahoma City.

Provider representatives travel approximately four days per week. Allow at least 48 hours for return phone calls. Contact OHCA Call Tree (on back) for immediate assistance.
